AiSprouts™ VC

Ai Sprouts Venture Capital

Ai Sprouts Venture Capital track emerging trends in technology and get to know top-talent working on breakthrough ideas. Staying engaged, they position themselves as the first conversation any promising founder looks to have when they plan to raise their first significant round.

Suman Talukdar

Suman Talukdar is a Founding Partner at AiSprouts.vc, helping entrepreneurs build category-leading ventures. Prior to starting the fund, Suman was a successful Silicon Valley venture-backed operator, with five back-to-back exits including Cloudflare's IPO, Anaplan's IPO, and Clearwell's sale to Symantec for \$400M. He was also an active angel investor, building a portfolio with names such as Ripple, Palantir, and Sharetribe. His most recent exits include 6d.ai (acquired by Niantic) and Apprente (acquired by McDonald's). His mentors include accomplished founders and venture capitalists [Burt McMurtry](#) and Felda Hardymon.
