

Drake Star

The Drake Star brand pays homage to our ethos and our belief that innovation can change the world for the better. The Drake Star compass at the heart of our identity points toward magnetic north, a point on the globe which is constantly shifting, much like the technical and financial landscape our firm calls home. We operate on the assumption that change is the only constant in our industry, driving technological progress through innovation.

Vitaly M. Golomb

Vitaly M. Golomb is a technology investment banker with over 20 years of experience on all sides of the table as a venture-backed CEO, venture capitalist, and M&A advisor. Vitaly has deep expertise in the transportation and mobility sector, in addition to experience in artificial intelligence, software/SaaS, and advanced materials.
